

Pregalathan Naidoo (Pregs)

4 June 1968 - 3 June 2015

Our most precious and wonderful Preg's Naidoo. There is not a day that goes by when your earthly personality is not sorely missed by our time bound earthly personalities. Your teasing name 'Satyam' was the most appropriate as it means 'the truth' - not what we think about it, but what it is, not our idea about it, but its reality.

Through inner reflection we know that the personality is made up of the mind, our prejudices, our conditioning, etc. and the disappearance of you as a personality only leaves behind a pure presence (the real you) which is comforting to our hearts because we know that just from the expression 'Namaste', the 'real you' is always in contact with the 'real us'....we are all made from the same stuff and emanate from the same source.

I am sure if I asked every person that you came into contact with to sum you up in one word, that word would be LOVE. Love is said to be the highest force in existence and is also the truth. It is only fitting that we now complete the verse from the Yajurveda as most aspects of your life reflected this path....Satyam (Truth) Shivam (Good) Sundaram (the beautiful).

Sathyam (Truth) is the experience, shivam (Good) is the action that comes out of the experience, and Sundarum (beauty) is the flowering of consciousness of the man who has experienced truth.

We love you dearly our brother.
